WELCOME

A school that knows your child *by name.*

Chhaya means shade: the care a tree gives everything that grows beneath it. That is the school we set out to build.

Since 2012, families in Ramdaspeth and across Akola have trusted us with their children's education. Today **Chhaya Global School** takes children from Nursery to Std 10, through **CGS Early Years**, primary and secondary school, on one calm campus opposite Tilak Park.

Children who join us in Nursery grow up here, moving up each year **with teachers who already know them**. Our classes are small, so every teacher has time for every child.

FOUNDER & VISIONARY

Dr. Chhaya Mishra

Ph.D. in Economics · NET · M.Phil (Gold Medalist)

A respected academician with over 20 years of teaching experience across graduate, postgraduate and law colleges. Her belief in values-based learning and the all-round development of every child is the foundation of Chhaya Global School.

OUR APPROACH

Strong foundations, *confident children.*

The school years decide how a child will learn for the rest of their life. So we focus on the things that matter most, and we do them well.

NEP

Our teaching follows the spirit of India's **National Education Policy**: play and activity-based learning in the early years, and a strong focus on foundational literacy and numeracy.

01

Reading, writing, numbers

Phonics, reading fluency and clear handwriting, with maths taught through real objects first, so understanding comes before memorising.

02

Confident communicators

Children speak up, ask questions, tell stories and present to their class, building confidence in English from the start.

03

Values and character

Good manners, kindness, honesty and respect are part of every school day, not a separate lesson.

04

Curiosity and creativity

Art, music, movement, outdoor play and hands-on discovery keep children curious, active and happy to come to school.

CGS EARLY YEARS

From the day they join Nursery, children are Chhaya Global School students. Early Years takes them from first sounds and shapes to reading, writing and readiness for Std 1.
